## On Your Heart

Do you have a kid on your heart? I hope so. My son is a student missionary/teacher right now, and I cannot tell you how huge a blessing it is to know that he is being prayed for and cared for by our friends and family! We worry about our kids— They are on our hearts. “Our kids” includes our students, our friends’ kids, and our relatives’ kids.

Having someone on our hearts means we love them, pray for them, and do our best to meet their needs. I love knowing that “our kids” are on your hearts, too.

Thank you for joining us with a  for kids!
