Working Together

Perhaps the most rewarding effort, even though it may take a fair amount of determination at times, is that of working together. As I think of the many joint efforts that go on here at Beacon, I am forever grateful that I'm not on my own. We teachers depend on each other and on our board and constituent churches to keep things running smoothly. We depend on our students to work hard and on the parents to help us in a hundred ways, from making sure homework is done to helping out with hot lunches to taking time out of their busy schedules to conference with us.

Thank you all for making Beacon a successful partnership!

David Gage

Making Latkes
